

Environment Policy

British Sugar believes that protection of the environment is everyone's responsibility and is committed to:

- Fulfilling its compliance obligations for all appropriate environmental legislation and other regulatory and biodiversity requirements relating to the activities of the company.
- Protecting the environment through the prevention of pollution to air, land and waterways, including taking action to mitigate risks caused by climate change.
- Enhancing its environmental performance through the continual improvement of the Environment Management System and a process of monitoring, measuring and reviewing its environmental impacts.
- Minimising the environmental impact of our energy use across our production and logistics operations, and implementing a responsible energy purchasing policy.
- Working with its suppliers and any third-party operations across the supply chain to support activities to reduce the environmental impact and meet social responsibility obligations.
- Consuming resources responsibly, through our alignment to ABF Sugar's commitment to science-based targets under SBTi to support our continued decarbonisation plans.

This policy statement is communicated to all of British Sugar's employees and contractors.
