A close-up photograph of a clear glass filled with a pale yellow liquid, likely lemonade. The glass contains several ice cubes and two slices of fresh lemon. The background is a soft, out-of-focus white. A blue rectangular box is overlaid on the left side of the glass, containing white text.

Ideal for
processes where
**manufacturing
efficiency** and
speed are key
requirements

Liquid Sugars and Blends

Standard water-white liquid sugar is produced from white crystalline sugar and potable water. Liquid sugar is ideal for use in a wide range of food and beverage applications

BRITISH SUGAR

An AB Sugar Company

Liquid Sugars and Blends

Key features and benefits:

- A consistent quality, pre-dissolved sugar offers:
 - energy saving in production processes
 - streamlined production
 - manufacturing efficiency
 - convenience
 - speed
- Safety: the product is highly pure and is UV-sanitised immediately prior to despatch for extended shelf-life.
- Liquid sugars are ideal for clear carbonated beverages, fruit juice blends and high quality pharmaceuticals providing consistent finished products.
- Temperature controlled deliveries can be tailored to integrate with customer manufacturing systems.

Technical information

All liquid sugars are:

Non-GM and suitable for **vegan, vegetarian** and **Kosher** diets

Product development

If you have a specific requirement not covered by our standard range please talk to us about bespoke options and their lead times.
